ADVANCED DIPLOMA OF
NUTRITIONAL MEDICINE (HLT61012)

This Advanced Diploma of Nutritional Medicine has been especially designed to deliver the skills and accreditation you require to further your career as a successful nutritional medicine practitioner.

Nutritional medicine is a vital cornerstone of holistic medicine, and the qualification is concerned with imparting the latest understandings of the ways in which individual nutrients for medicinal and therapeutic effects can be used to maintain health, prevent disease, and treat illness.

Anatomy and Physiology, Biochemistry, Clinical Medicine, and Business Management are just a few of the exciting subjects areas addressed as part of this nationally accredited program in nutritional medicine. Specialist subjects include detailed training in Nutrition, Naturopathic Philosophy, Iridology, and Mineral Therapy.

Who Should Attend
The advanced diploma is a high-level vocational course designed for those wishing to enter the nutritional medicine profession. It is highly suitable for recent school leavers, those looking for a career change, those re-entering the workforce, or those wishing to add nutritional medicine training to their existing professional skill set. It is also an effective qualification for overseas nutritional medicine professionals wishing to ensure their training is comparable to that required in Australia.

Course Structure
This course is delivered online over a period of 120 weeks, incorporating 5 study periods. Each study period runs for 24 weeks. On-campus options are also available in Brisbane.

Prerequisites
There are no formal prerequisites for this qualification.

Recognition of Prior Learning (RPL)
If you have studied previously or have work experience that relates directly to your course, you may be exempt from a component/s of your course through recognition of prior learning (RPL). If you think you may be eligible for RPL you should first familiarise yourself with the Course Credit Policy and Procedure (Recognition of Prior Learning) and complete an Application to apply for RPL assessment.

Online Learning Features
Study when it suits you - with no set class timetable you can study when and where you want, tailoring your education to suit your lifestyle, family and any paid work commitments

Personal support - you'll be guided through your studies with an interactive and web-based educational experience. You get the same high level of support as an on-campus student, maximising your chances of success;

Structured learning - regular timed intakes means you can look forward to a structured learning environment - this ensures continuous progression with all the benefits of flexible Online Learning.

This course is delivered by Study Group Australia Pty Limited (RTO Code: 5806), trading as Australian Institute of Applied Sciences
Full access to course materials & resources - get full access to detailed course materials, student email, forums, live chat, recorded lectures, quizzes and assessments, links to external resources materials and videos
