DIPLOMA OF
BUSINESS (BSB50207)

The Diploma of Business targets the practical skills and capabilities required of contemporary managers across a wide variety of contexts: the development and implementation of strategic business plans; the management of teams; effective engagement with marketing, finance, and procedural functions. The vocational understandings it promotes are relevant to every industry sector.

Who Should Attend
The diploma is appropriate for participants currently working in a senior business role, or who have attained an AQF4 level qualification in Business or an associated field. It will also have professional resonance for individuals engaged in the management, marketing, communications, accounting, compliance, and information technology functions of their respective organisations.

Course Structure
The Diploma of Business is delivered by expert trainers in 6 x full day workshops scheduled across 9 months of this 12 month program. This approach allows students sufficient time between and after workshop completion to undertake self-directed learning, assignments and out-of-class assessment. Workshops engage participants in active discussion, problem-solving exercises, networking opportunities, and presentations related to the efficient conduct of administrative business operations and procedures.

Participants have the option of undertaking this course online, using Upskilled’s customised Learning Management System, ‘MyUpskilled’ and after workshop completion. The online program is conducted over a 12 month period and employs an approach that blends distance and online education in the management and delivery of learning resources.
